2. I obtained a copy of the GAO decision and called Tom Smeeton on 13 October to inform him of the GAO ruling. He was most pleased and asked if we could provide a copy of the decision for Representative Hyde. I agreed, provided Smeeton would ensure that there would be no further distribution. With Smeeton's assurances that the copy would be for his and Hyde's use only and with the approval of [] from the Office of Logistics, a copy was mailed to Smeeton.
